TO WHOM IT MAY CONCERN

Matthias C. Meyer, has been working in the position as Director of Restaurants for SADKO since April 1, 1992.

Mr. Meyer was in charge of the overall operation and opening of 9 Restaurants with a total of 1.048 seats and with roughly 700 employees - including an Expatriate staff of 14.

SADKO was a Russian-Swiss Joint Venture and recently changed to become a Joint Stock Company. Major shareholder is Hopf Service Ltd. in Zürich-Glattbrugg. SADKO is active in Retail, (Food and non-food) as well as in Restaurants. At present, SADKO has opened Moscow's first Shopping Center with 7 shops and 9 Restaurants.

Mr. Meyer and his team were able to open the restaurants according to the schedule and have achieved that the Restaurants enjoy the reputation to be the best in Moscow within a very short period.

Mr. Meyer is leaving SADKO due to the fact that at present, a major re-organisation of SADKO eliminates the position occupied by Mr. Meyer.

During the period of Mr. Meyer directing the operation, most Restaurants were opened against a big number of obstacles outside of control of SADKO or Mr. Meyer. The Restaurants not only opened, but gained very quickly an excellent reputation in Moscow.

We regret that Mr. Meyer is leaving SADKO. He was with the company during a very difficult period and has been able to achieve excellent results under difficult conditions. We can highly recommend Mr. Meyer to whoever will take advantage of his skills and experience.

David M. Egolf
General Manager SADKO
